

Cloudy Weather Will Continue

Cloudy weather will continue throughout Thursday and possibly Friday, local U. S. weather forecasters say.

A continued low temperature during the next 24 hours is also promised, followed by a slight rise.

The river made a 4-foot rise during the past 24 hours, and it will remain stationary possibly to falling, after that, forecasters believe. Slight rains over the upper river regions are being reported but their effect here will be felt but slightly.

A low pressure now sweeping over the Pacific coast is taken as an indication of squalls there, since the department in Washington usually

regards the permanent low pressure over Alaska as indicative of weather all over the country, for at least a week in advance.

Wants Harems Willed To Former Marine

(By International News Service.)

MUNCIE, Ind., Dec. 9.—Being married, Robert McClain, ex-marine sergeant of Wrentham, Mass., does not want the harem which was thrown in with other possessions of the sul-

tan of the island of Liang-Liang, who is said to have adopted McClain as his son and willed him the island and all thereon.

But here's a hoosier who does: Sam Friend, 24, glassworker, living at Winchester, Ind., has applied for the harem—understood to be quite dusky—in a letter to a Muncie newspaper. Whether this will alter the former marine's reported intention to disband the harem had not been learned up to press time.

There's a Good Reason WHY We Can Save You 40%

The House of Perel & Lowenstein, established over 33 years ago, does a great money lending business, taking as security Diamonds, Watches, other jewelry, etc. Most of the loans made, however, are upon Diamonds, and of course for our own protection, we must see that these are of high quality. As is the case the world over, a percentage of these loans are never redeemed. After due time the Diamonds, etc., left as security are forfeited. We must then sell off these unpaid loans in order to get our money back as the demands made upon us for cash loans have been growing steadily during 33 years of our career, and the sums of money we lend out reach huge amounts. In order to turn these Diamonds into cash QUICKLY, the Perel & Lowenstein policy has been to simply add the accrued interest and a small expense charge to the amount of the loan. This gives our customers the benefit of buying unpaid loan Diamonds after the importer's profit, the wholesaler's profit, the jobber's profit and the retailer's profit have been cut off. Most of our Diamonds are acquired in this way.

The Perel & Lowenstein price is based on the actual cash value of the Diamond. Every Diamond purchased is accompanied by our written guaranteed cash loan value, being the amount the owner could borrow from us at any time. While Diamonds bought for Christmas presents are not expected to be used for loan purposes, it is comforting to know that your present, in addition to appealing to the receiver's sense of beauty and enhancing his or her personal appearance, is an article of genuine value which can be turned into ready cash anywhere, at any time, should an emergency arise. Many great hardships have been averted by folks who, through the temporary use of their diamonds, bridged some great financial need.

Diamond Rings, Brooches, Lavalieres, Bar Pins, Stick Pins, Cuff Buttons, Watches, Chains, Wrist Watches, Silverware, Cut Glass, Clocks, Ivory Sets, Etc.

We call your particular attention to the fact that a genuine Diamond, bought at a bargain price, as offered you here at Perel & Lowenstein's is as beautiful and as valuable as any other Diamond of like quality which you might buy elsewhere and be compelled to pay full market price for. Diamonds never grow old; their beauty never dims; nor do they wear out or shrink in size or value; neither do they ever go out of style. Diamonds are never sold at sale prices for any of the reasons for which other lines of merchandise are sometimes offered at reduced prices. There must be some very excellent reason for selling genuine Diamonds below the retail market price.

We Have That Reason—And It Means a Saving of 40% to You

Our reason is the same as that of any other financier who lends money on houses, bonds, stocks or other good security. When any of his loans are not repaid he must dispose of the real estate, stocks, bonds or other articles to realize the amount of his loan. This is why, in making the loan in the first place he can not lend the full market value. You see, if the loan is not repaid, he can not wait to obtain the full market price; he must sell at once, for the actual cash value, in order to get his money back to loan out again, because money is his stock in trade. That is our position exactly.

Don't think of buying a Diamond or other article of jewelry without first coming here to see for yourself. TRY TO MATCH OUR VALUES! Others may tell you our prices are an impossibility—so they are in a regular way, "there's a reason," as we told you above, and YOU CAN SEE FOR YOURSELF.

Legal Binding Money-Back Guarantee

Every Perel & Lowenstein Diamond is warranted just as we represent it or your money refunded. The weight is guaranteed, the quality is guaranteed, the amount we will lend upon it at any time is guaranteed, and we'll guarantee to take it back any time at the full price you pay for it as payment on any larger Diamond you may wish to buy.

If You Want a Diamond For Yourself, Buy Now

If you've been longing for a Diamond for yourself—BUY IT NOW. Don't wait. Prices are going to advance. Besides, the things that come to those who wait are seldom the things they are waiting for. Prosperity comes soonest to the man who LOOKS PROSPEROUS; there's a very good reason why YOU should. A Diamond is the "high sign" of success to everyone you meet. It's a fine investment, because it steadily grows in value. It's better than an insurance policy, because you don't have to die to get the benefit. It's as good as money in the bank, because you can turn it into cash anywhere, any time and if it's a Perel & Lowenstein Diamond—you can always realize a big profit.
